No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrr. James W. Blacker, of 620 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing *only*, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo N Y

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Second Peace Conference.

Emperor Nicholas again appeared before the world as a promoter of universal peace. No sooner is the Russo-Japanese war over, and even before the peace treaty has been ratified, than his majesty issues invitations to a second peace conference at The Hague.

That the Emperor has done so was learned yesterday from a source which leaves no shadow of doubt as to its authenticity. It is officially announced that "the Russian government proposes to address the foreign powers with a view to the holding of a second peace conference at The Hague," but it is known that negotiations preceding this announcement that the government "proposed to address the powers" were entered into especially with the United States, and were conducted with the greatest secrecy, there being not the slightest inkling that Russia contemplated anything of the kind.

The announcement created the greatest surprise in St. Petersburg, and that Russia should plan a second conference despite the steps already taken by President Roosevelt, was also heard with amazement. It is clear that the step could not be taken by Russia without first reaching a complete understanding with President Roosevelt.

The fact that President Roosevelt is reported as being entirely in sympathy with the proposed conference and that he is said to believe that to the initiator of the first Hague conference should belong the honor of convoking the second, and readily and even gladly acceded to the Russian proposal, is clear proof that the conference has already been called and that President Roosevelt relinquished his part in it to the Emperor.

There is strong reason to believe that the news, even of the intention of the Russian government, would not be given out unless invitations had already been sent to the powers and, possibly, that their answers had been received.

In this connection an interesting question arises as to how the invitation was communicated to Japan in view of the lack of diplomatic relations, but the invitation may be delayed until such relations have been resumed, or it may have been forwarded through the United States.

Attempt to Assassinate Policeman.

R. L. McLain, who came from West Virginia recently and who is a coal mine policeman appointed by Governor Warfield at the request of the Consolidation Coal Company, narrowly escaped assassination in Frostburg, Md., last night. He was in the door of the Porter boarding house, on Centre street, where he is staying, holding his 6 year-old child and the child of a neighbor in his lap, when two shots were fired at him. One bullet struck McLain in the hand and the other barely missed the children. The wound is an ugly one. The man, who fired the shot from a dark quarter, ran away and his indentity is unknown. McLain is one of the four deputies whose appointments have been vigorously protested by the United Mine Workers. They have been most bitterly denounced by the organizers in public meetings, and upon one occasion had to seek safety from a mob. Some persons predict that unless the deputies are removed that a strike will result. Three of the policemen are non-residents. The United Mine Workers have passed resolutions asking Governor Warfield to make a thorough investigation into the matter of armed deputies in the field to ascertain whether the Consolidation Coal Company was justified in its application for the appointment of the men. If the company is not sustained the Governor is asked to revoke the commissions of the policemen.

Charged With Assault.

Luther Garnett, a white man, employed on the farm of George T. Collins in Caroline county, is charged with attempted criminal assault upon Mrs. Collins last Friday evening during Mr. Collins' absence. He was frightened away by the screams of Mrs. Collins. When Mr. Collins returned half an hour later he found his wife in an agitated state. He took his shotgun and went in search of Garnett. Garnett had stopped in a field where some men were cutting tobacco, but when he saw Mr. Collins approaching he fled. Collins shot at the fleeing man and some of the shot struck him, but not enough to stop him. The officers were notified and Sheriff Gill and a posse are making every effort to capture the fugitive, but without success as yet. Garnett is a married man of family, twenty-five years old, and resides on a portion of Mr. Collins' farm. Mrs. Collins is twenty years of age and has been married less than a year. Great indignation is felt and if Garnett is caught he may be lynched.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I go a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

have shown in every instance that the completed product contains only the normal amount of acidity as contained in the raw ingredients before making them up.

THERE IS NO MORE FORCIBLE ARGUMENT IN FAVOR OF CORBY'S MOTHER'S BREAD

For everybody must acknowledge that the excess of acidity in these other breads must be injurious to the delicate tissues of the stomach.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says; "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." Alexandria Gazette AND VIRGINIA ADVERTISER

TUESDAY EVENING. SEP. 19, 1905.

THE ATTEMPT of a woman calling herself Minnie Lee Iver Lawrence to get money from Governor Herrick, of Ohio, with the tale of an unacknowledged child, has led to her exposure as the head of a Chicago syndicate of professional blackmailers. It appears that during her various operations this woman had become prominent in Chicago society as a person of respectability and wealth and that one of her daughters had married a wealthy clubman. Mrs. Lawrence appeared to have obtained large credit for years by convincing people that she was a member of an aristocratic English family of wealth. She lived in great style in an expensive mansion and moved under several different names. Mrs. Lawrence returned to Chicago Tuesday with the little boy whom she charges with being Governor Herrick's son, and went into hiding. This is an old trick, especially in certain European countries. In many instances money has been paid adventuresses by men, who asserted their innocence, in order to escape notoriety. For a long time enterprising females made use of English apartment cars as the places to extort money from men, by pretending they had been insulted or assaulted. Finally wealthy Englishmen refused to go into such cars where a woman was seated until a third person entered.

THE GROWTH of crime in the United States is naturally attracting attention. Brutal murders are becoming almost as common as flies, and in most cases women are the victims. During the past few weeks their mutilated bodies have been found in secluded spots, while their murderers are unknown. Occasionally one degenerate ends his life after killing or attempting to kill some luckless female. These crimes are not confined to any one locality, but are reported from every quarter of the compass. One occurred in sight of Alexandria late yesterday afternoon and the body of the would-be murderer now lies in an undertaker's establishment with a bullet in the head, a victim of suicide. This is not the first horror which has startled this community of late, but during the past few years several such crimes have been committed in Alexandria by whites and blacks There were four murders and one suicide in this city last year. Jealously, it is believed, superinduced each, while liquor and probably cocaine played their parts.

IT IS SAID in New York that the course of Mr. Perkins and Mr. McCall in diverting to republican campaign funds money belonging to policy holders of the New York Life Insurance Company is actionable under the provisions of the code of civil procedure. It would seem to afford sufficient ground to warrant the State attorney-general in bringing suit to compel the restitution of the sums so diverted. In the event of the attorney-general refusing to take such action, suit could be brought by members of the company or individual policy holders. Such a suit should be instituted at once and those who misappropriated the money should not only be made to refund but should also be punished for malfeasance in office.

THE city democratic committee did the proper thing yesterday evening when they ordered a primary election to select a candidate for clerk of the courts. This action will stop all talk of favoritism on the part of the committee and gives an open field to all who wish to become candidates for the position. In justice to the commitee it is stated that they never had any other intention than of ordering a primary.

NO HARD times being in sight, according to the managers, and the nights becoming longer, the Standard Oil Company has increased the price of kerosene and refined oils generally, the household article being advanced a half-cent and gasoline one cent a gallon.

THE MEMBERS of the Richmond city electoral board will ignore Mr. Royall's resolution asking them to resign, adopted by the meeting in the Capitol Square Saturday night. It would seem that others besides the electoral board are ignoring Mr. Royall.

MR. PAUL MORTON, president of the Equitable Life Assurance, has announced that the company would make no more contributions to campaign funds. Well, hardly.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 19.

Acting Public Printer Ricketts, of the government printing office, has solved the problem of location of the seventy-two Lanston monotype machines, purchased by Public Printer Palmer, by assigning them to the fifth floor of the new building. There they will be used in tabular work in connection with the "blue book" now being printed, and the crop of annual reports due about this time. Mr. Ricketts will soon inaugurate a movement to transfer all the machinery of the government printing office to the new building.

Every Friday brings fear and trembling to employees in the government printing office, all through the spirit of superstition which reigns in the big printery incident to the recent upheaval there after the award for the purchase of seventy-two typesetting machines to the Lanston Company. The record of the past few weeks is the basis of this superstition. It will be recalled that the letters which Frank W. Palmer, the Public Printer, sent to Foremen Ricketts and Hay, demanding their resignations, were received on Friday. They were written on Thursday evening. The next Friday, Palmer was, himself, removed from office by the President. Last Friday the first shipment of the seventy-two Lanston monotype machines, the bone of contention over which most of the present trouble has arisen, was delivered at the Government Printing Office. What will happen next Friday is agitating the minds of employees in the printery. Will the entanglements draw them into the controversy and the forfeiture of their positions be the penalty exacted on some future Friday?

The American Federation of Labor call for the 25th annual convention to be held at Pittsburg, Pa., beginning November 13, has been issued by President Samuel Gompers. Delegates must be selected at least two weeks before the convention and their names forwarded to the secretary here. It is especially pointed out in the call that no grievance, decided by a previous convention, will be considered by the coming convention except on recommendation of the executive council, nor will any grievance be considered where parties have not previously held conference and attempted an adjustment themselves.

In the democratic primaries in Baltimore yesterday Isaac Lobe Strauss was defeated for the State Senate in the Third district by J. C. Linthicum, and in the Fourth W. J. Ogden defeated E. F. Parlett. The two successful candidates were anti-organization men. Comfort, however, is derived by the organization supporters from the fact that their candidates for executive are elected in 8 of the 12 contested wards, and there will not be more than three anti-organization members of the new democratic city committee, if that many. On the legislative end a similar result was attained and the candidates who have carried their wards for the House of Delegates and will be nominated by the district conventions to be held September 26 are, with a few notable exceptions, the choice of the organization. The republican organization carried all except one ward and will name both senatorial candidates.

The Association of American Cemetery Superintendents convene here today for the ninteenth annual meeting. Addresses were delivered by District Commissioner Henry L. West, Major Sylvester, superintendent of police, W. R. Smith, curator of the Bontanical Gardens, and others. In addition to dicussion affairs of interest in their business, the cemetery superintendents will visit the national cemeteries in the neighborhood of Washington.

The amount of red tape through which army officers have to wade is described with some vigor by Brig. Gen. Jesse M. Lee, of the Department of Texas, in his annual report to the War Department. He says that the paper work required of department commanders and their subordinates is of such stupendous proportions that if the regulations were followed strictly the transaction of public business would be greatly impeded, even though there should be an increase of fifty per cent in the clerical force. He has found that it is most difficult to give careful consideration to the multitude of papers which pass through the department commander's hands.

The latest mail reports from the Philippines bring copies of the remarkable speech made by Representative Bourke Cochran at the banquet given the Taft party by Archbishop Harty, at Manila, in which the antit-imperialistic New Yorker astonished his friends by coming out enthusiastically in support of the administration's policy in the islands.

The announcement from St. Petersburg that the Czar is ready to take steps to call together a second session of the peace conference at The Hague, was received with some surprise by officials of the government here. It is pointed out at the State Department, where it is said that no formal notification of the Czar's intentions has yet been received, that the normal method of procedure would be for the Czar, after being assured of the willingness of the powers to participate, to request the Netherlands government to issue formal invitations to them to assemble at The Hague. The date for the meeting would probably be next May or June. As soon as the invitations are sent out long and intricate correspondence between the countries interested would begin and it is expected that, in accepting, each power would do so with reservations as to the subjects which should be taken up for consideration.

Acting Postmaster General Hitchcock signed this morning a money order convention with Newfoundland. It puts in treaty form the domestic system of exchange tacitly followed for some time and does away with international exchange offices.

Leave of absence for not longer than ten days has been granted by the Postoffice Department to postmasters of the first class in order that they may attend the national convention of postmasters at Dayton, Ohio, September 26 to 29.

Secretary Frank Morrison presented today to the executive council of the American Federation of Labor a preliminary financial statement and membership table for the year ending September 30. It shows a cash balance September 1 of $103,328. There were on that date 118 international unions affiliated with the A. F. of L., 40 State federations, 670 city central labor unions, 820 local trade unions having no international union of their crafts, and a total of 26,000 locals. The individual membership represented in the A. F. of L. is approximately 2,000,000 workers. A resolution was adopted this morning by the council expressing the sentiment of the workmen in the country in favor of thwarting any effort of those interested in altering the existing Chinese labor exclusion laws.

Edward H. Thomas was today appointed by the District Commissioners Corporation Counsel to succeed the late Andrew B. Duvall.

The announcement was made yesterday that the Russian Government proposes to address the foreign powers with a view to holding a second peace conference at The Hague.

The Russian loses in ships at Port Arthur, Vladivostok and the Sea of Japan, according to official statistics just published, amount to $113,000,000.

Mrs. Scott Radcliff, of Chesterfield county, was instantly killed by a street car in Manchester yesterday afternoon, being almost ground to pieces. Mrs. Radclift was driving in a jumper and was on the track when the vehicle was struck by a car running at a high speed.

Mr. G. B. Wallace has sold to Mr. Daniel Ramer, of Bedford, Pa., his farm, "Crow's Nest," on the Potomac river, in Stafford. Mr. Ramer bought the property mainly for the large quantity of timber it contains. He will shortly move there and arrange for having the timber cut.

Robert Washington, a young negro boy, at Winchester yesterday entered a plea ofguily to an indictment charging him with having attempted to wreck a train on the Baltimore and Ohio Railroad, a short distance from Winchester, in August last. He was sentenced to the Colored Reform School, near Richmond.

Yesterday was court day at Culpeper and there was a large crowd in attendance to hear the political speaking. The republicans had to represent them Mr. Patrick McCaull, and the other side had Senator Machen, of Fairfax, and Judge R. T. W. Duke, of Charlottesville. The crowd was divided, both sides speaking on the public streets within a stone's throw of each other. Everything passed off quietly.

SENATOR MARTIN'S EXPENSES.

Smiling like a cherub and as placid as a May morning, Senator Thomas Staples Martin appeared in the office of Secretary of the Commonwealth Eggleston yesterday afternoon and filed his account of primary election expenses in pursuance of the provisions of the pure election law.

As a general proposition, there is nothing unusual either in the Senator's smiling like a cherub or looking as placid as a May morning, but the wonderfulness of the achievement yesterday may be realized when it is announced that it cost Mr. Martin considerably over $11,000 to secure his renomination.

The following account tells the story of expensive politics in Virginia and probably puts Senator Martin ahead of all the other candidates as a heavy spender:

Assessment fee	$ 1,500 00
Amount paid Murphy's Hotel for rooms for use as campaign headquarters and for board, etc	1,769 55
Amount paid clerks, stenographers and typewriters for work at headquarters	2,158 65
Postage stamps for letters and printed matter mailed	2,716 04
Paid for printing	917 90
Paid for stationery	416 23
Newspapers, publications and subscriptions	1,108 52
Telegraphing and telephoning	96 28
Expressage	25 05
Rent typewriting machines	98 80
Rent halls for speaking	140 00
Railroad tickets, traveling expenses and incidentals, as near as can be estimated	600 00
	$11,542 02

Senator Martin, who made himself particularly agreeable to all the clerks in the office, slyly announced that it was a heap easier to make out the itemized account than it was to pay it. He further explained that he was not quite certain how to construe the provisions of the Barksdale law, and that therefore he had made four copies of the account—one for the Secretary of the Commonwealth, one for State Chairman Ellyson, one for the clerk of his county, Albemarle, and one which he intends to keep for himself as a souvenir.

The law requires the account to be acknowledged before a notary public, and when Mr. Martin called for one of these officers, it was found that the only one available was Mr. D. A. Ritchie, who is the private secretary to Governor Montague.

Mr. Ritchie, who is scarcely the inferior of the junior Senator in the matter of polished manners, cheerfully agreed to take Mr. Martin's acknowledgment and gallantly said, "Nay, nay, sir," when the latter asked what was his fee.

And so it came to pass that Governor Montague's private secretary at least did his part towards saving Mr. Martin an additional fifty cents to be charged up to the account of election expenses. The pretty little incident created quite a ripple of excitement in the Ford's Hotel building, where the Capitol offices now are located.

It will be observed by those who examine Senator Martin's account that he evidently did not ride on headhead railroad tickets during the campaign, as the railroads got $600 of his money, while $2,716.04 went for advertising and $1,500 for the assessment fee. When one remembers that a United States Senator only gets $5,000 a year, it will be seen that the honor comes high.—[Richmond Journal.

Attorney General Anderson also filed his statement, the total being $828.69. He spent $500 for assessment fee and the rest for printing, postage, &c.

It is learned that Governor-elect Claude A. Swanson has also filed his account of primary expenditures. The total amount expended by Mr. Swanson exceeded $9,000.

MR. SWANSON'S SPEECH.

Congressman Claude A. Swanson, democratic nominee for Governor of Virginia, opened his campaign at Hanover yesterday. There was a large audience present.

Mr. Swanson was introduced by Congressman John Lamb. The gubernatorial candidate spoke for two hours, reviewing the record of the democracy and contrasting it with that of the republicans.

He then proceeded to impress upon his audience the vast importance of the ensuing election. He said that practically the entire State government of Virginia—legislative, executive and judicial—was involved in this campaign; that the Legislature to be elected would control for the next two years the legislation of Virginia, and, in addition, would elect a U. S. Senator and five justices of the Court of Appeals. He said:

"The first claim of the republican party is that it is now a new party in Virginia; that it is not what it formerly was; that new blood has been infused into it; that it has attained recently a new standing and respectability. It points with pride to the personnel of the Roanoke convention as an evidence of its splendid improvement. In plaintive and soothing voice it confesses its great misconduct and shortcomings of the past and promises to reform and do better in the future.

"The only improvement that has accrued to the republican party in Virginia is the elimination of the negro as a voter by the new constitution. It is remarkable that these republicans, who now most loudly proclaim their improvement from this cause, were those who most vehemenly protested against the administration of the medicine that brought their betterment.

"The elimination of the negro as a voter has been a blessing to him and a benefit to the entire politics of this State. The return of the republican party to power again in this State would be followed unquestionably by a repeal of those constitutional and other provisions which have destroyed the negro as a voter in Virginia, and would witness his return as a dangerous factor in our politics. Those who have the material and political interest of this State at heart cannot afford to take such risks by the return of the republican party to power." He said that southern republicanism was profuse in its admiration and laudation of northern republicanism, but that he had failed to discover where these feelings and sentiments were ever reciprocated. Said he:

"The republican party has been in control of the federal government for the last nine years, yet during this time it has not appointed as a Cabinet Minister or given an important or responsible position to a single republican from the Potomac to the Rio Grande. The northern republicans do not wish to have the advice or counsel of their southern associates, nor do they deem them worthy to be intrusted with power or responsibility."

Mr. Swanson then detailed what he called the failures of the republican party in its four years of control in the State (1881-1885) and compared with it the record of the democratic party in management of State affairs during its 20 years of control.

"A more splendid record of improvement, of betterment, of progress cannot, I dare say, be presented by the State administration of a single State in the Union," he continued. "To have obtained all these increased benefits, to have procured all these new and great blessings, the people would have willingly consented to increased taxation, but listen! listen! All this has been accomplished, all these increased appropriations made for good and noble purposes, and democracy has actually reduced State taxation from 50 to 35 cents on the $100.

Messrs. George A. Hanson and J. L. Gleaves were given possession of the room at the conclusion of Mr. Swanson's address and spoke in the interests of the republican party.

Virginia Banks.

Eighty-five national banks of Virginia responding to the call of the controller of the currency for reports as to their condition August 25th, show total resources of $76,380,592, a large increase over the same time one year ago, when the total was $69,595,846.

One year ago there were eighty national banks in the State, and their total loans and discounts were $39,063,773. The same banks have loans and discounts today of $45,741,878.

The paid-up capital stock engaged in the business a year ago was $7,788,500, while yesterday it is $8,343,520. The combined surplus a year ago was $8,907,581. It is now $4,235,528. The undivided profits were $2,337,932, and now $2,668,443.

The total outstanding circulation of the eighty-five banks now is $6,977,332, against $5,764,570 in September of last year.

The most interesting of all the items, however, is that of deposits with the banks other than those of the national government. There are at this time $42,277,158 in the Virginia banks to the credit of the people of that State, while a year ago the total was $38,587,181. The growth in this respect, as in all others, has been healthy, but rapid. There is no State in the union that makes a better comparative showing than Virginia.

Odd Fellows.

The Sovereign Grand Lodge of Odd Fellows has begun its annual session in Philadelphia.

The report of Grand Sire Wright shows the total subordinate lodge membership to be 1,217,145; encampment membership, 177,839; Rebekah membership, 474,059; number of subordinate lodges, 14,315; expenditures for relief, $4,633,649; total revenue, $13-638,791; total resources, $37,645,071.

Continuing, the report states: "The increase in membership of our subordinate lodges was 65,724, in the encampment branch 9,990, in the Rebekah branch 26,391, making a total increase of 102,105. The Patriarchs Militant will show a decrease in membership, but that decrease is only nominal, and doubtless results from a clearing out of names that really did not represent active members of the branch. The increase in receipts for the year was $751,077. The increase in resources was $2,974,951 and the increase in relief $307,139. The militant branch alone in our organization failed to show substantial progress. There has been a loss in membership during the year of a little over 300. This condition of affairs, in my judgment, demands immediate attention and perhaps radical measures."

Today's Telegraphic News

Floods in the Mississippi.

St. Louis, Sept. 19.—The stage of the Mississippi at St. Louis at 6 o'clock this morning was 27.1 feet as reported by the weather bureau. The harbor office gave the figures as 27.3. It is predicted that the water will continue to rise for a time, but fall short of the danger line, 30 feet. Although reports from various parts of Missouri indicate comparative improvement, the flood situation is grave and a great deal more property will be destroyed before the waters recede. Rain is still falling in many sections of the Missouri Valley. Many of the small streams, which at normal stages are regarded as creeks, are now three miles wide and are raging torrents. Many important towns have been without mail for more than fifty hours. In this sections of which Marshall, Carrollton, Booneville and Jefferson City are the centres, hundreds of farmers have fled from the lowlands, taking with them whatever stock could be gathered together. It is believed that all the stock left in the lowlands has perished, and that this item alone will mean a loss of $2,000,000 to the farmers of Missouri.

Miss Pfeiffer's Slayer.

New York, Sept. 19.—The police have discovered a fact, which, according to their theory, removes the last trace of doubt as to the guilt of Joseph Gerard, the missing teamster, whom they accuse of the murder of Augusta Pfeiffer, whose body was found in a thicket on the Pelham road on Saturday. This fact is that when Girard arrived home late Wednesday night he had a badly bitten right hand. In the opinion of the police this bite was inflicted by the girl when she was struggling for her life. Another mystery that the police are trying to sove in connection with the murder is the place where the girl's body was kept from the time the crime was committed Wednesday night until it was found Saturday. Gerard came home about midnight, not having been home to supper, and his hands and clothes were stained with blood. He said one of his horses had bitten him. It is declared that when Gerard left the stables Wednesday evening his hand was not bleeding.

Killed by Falling Floor.

Toronto, Ont., Sept. 19.—Fire early today destroyed the Brown Flour Mills, on the Esplanade, and resulted in the death of one firemen, while three others were injured, one of them so seriously that he may die. Suicide from Ocean Steamer.

Rome, Sept. 19.—William Reuss, a passenger on the Hamburg-American line steamer Prinz Oscar, which was bound from America to Palermo, committed suicide when within sight of that port by jumping into the ocean. Reuss had friends at Genoa, who were communicated with. They can give no explanation of his act.

Royal Arcanum.

New York, Sept. 19.—A meeting of delegates from various councils of the Royal Arcanum in several States is being held today at the Hotel Manhattan. The object of the meeting is to determine upon the legality of the recent action of the supreme council of that order at Atlantic City in advancing the rate of assessments. If the supreme council has exceeded its legal authority it is purposed to contest the action regarding the raising of rates in the courts. About 25 delegates were present.

Suffering from Typhoid Fever.

New York, Sept., 16.—That the illness of Baron Komura, the Japanese envoy, which proved so puzzling to his physicians was really typhoid fever, is no longer doubted as the doctors have agreed upon this diagnosis. The Baron's case was a mild and irregular one, however, and he is rapidly recovering. It is now believed he will be able to leave for home, sailing from Tacoma, on September 26.

Suicide of a Woman.

Washington, D. C., Sept. 19.—Despondent because of repeated illness, Mrs. Annie H. Columbus, aged 43, a divorced woman, employed at the Government Printing Office, committed suicide last night by inhaling illuminating gas through a rubber tube which was adjusted to the jet in her room on North Capitol street. Plunged to Death.

New York, Sept. 19.—Throngs of people along Delancy street, under the Williamsburg bridge, this morning, witnessed a sight that made their blood run cold. It was that of a man being hurled from the bridge at a height of nearly one hundred feet, his body turning several somersaults in the air, and striking head first on the stone pavement of the street, causing a scene that made women faint and the strong hearts of men weaken. The unfortunate man was a driver employed by the Williamsburg News Company. He was driving across the bridge on one of that company's delivery wagons, when the horse became frightened, supposedly at a passing trolley car, and ran away. The driver was seen to tug at the reins in a vain endeavor to stop the animal. Reaching a point on the bridge about over Lewis street, the wagon swerved against the curb and the impact was sufficient to throw the man from his seat like a shot. His body flew over the guard rail to the street below where it was picked up a mass of broken bones and crumpled flesh. An ambulance surgeon said that death had been instantaneous. The body was removed to the Delancy street police station, where it was identified by a Union card, found in the pocket as Wm. A. Fursch, 35 years of age. No address is given. The horse continued on its run to the New York end of the bridge, where it was stopped by employees who saw it coming and closed the gates.

Injured by Hedgehog.

Bemis, Me., Sept. 19.—Mrs. J. T. Hackley, of Brookline, Mass., who has been spending the summer at a camp on Lake Rangeley and is an enthusiastic tennis player, spent nearly an hour recently seeking a rubber sphere a strong drive had sent into the forest. She finally saw the ball resting on what she thought was a bed of gray moss. She reached for it, and the open palm of her hand came down on the back of a hedgehog, with enough force to drive a hundred quills into the tender flesh. The woman cried out in pain, and another camper ran to her assistance. It was found that the ball had been driven squarely on the back of the hedge hog and had stuck there, and that in attempting to get it Mrs. Hackley had been severely wounded. The hog was killed, and the ball recovered. A physician removed all but one quill. Blood-poisoning set in, but prompt medical attendance prevented it from becoming general and Mrs Hackley is now recovering from the wounds.

Fatal Automobile Accident.

Hightstown, N. J., Sept. 19. A fatal automobile accident happened on the road to Windsor, about a mile from here, this morning. The victim is Robert L. Kidd, a professional chaffeur, of Elberon, who was running an $8,000 French make machine owned by S. Hindman Bird, of New York, who was occupant of it, and who was badly injured in the mishap. The men left Elberon this morning for a run to Princeton. Near this place an effort was made to steer the machine one side to avoid a cow. The automobile failed to respond properly and ran into a telegraph pole and in an adjoining ditch, the machine turned on top of the men. The man was pitched out, his head came in contact with the telegraph pole, and he died within ten minutes. Mr. Bird was in a dazed condition. He is president of the senior class 17 of the Princeton University. The machine was wrecked.

Miller, for the packers, has transmitted to Attorney Morrison copies of the pleas in abatement ready for filing in the case. Double Tragedy.

Two men were killed on Sunday near Houghton Lake, twenty-five miles from Roscommon, Mich., as a result of Mrs. Kate Ogden's perfidy to her husband. Last winter Mrs. Ogden and Henry Knight, a neighbor, eloped and went West together. Mrs. Ogden tired of Knight and returned to her father's home last week. Knight followed her and made threats against the woman and her family. Sunday morning Mrs. Ogden met her husband, Frederick Ogden, driving, and persuaded him to ride to her father's house with her. As they drove into the yard Knight opened fire on them from across the road, wounding Mrs Ogden in the hand and instantly killing Ogden. The sound of the shots brought Mrs. Ogden's father, Willian Ruperd, who ran into his house for a rifle, and from a window fired two bullets into Knight's body, killing him instantly.

Bible From King Edward.

Bruton Parish, the historical church of Williamsburg, the second oldest church and the church longest in continuous use in the United States, has just received the offer of a Bible to be donated by King Edward VII of Great Britain.

This royal mark of esteem is to be given by the King in commemoration of the 300th anniversary of the establishment of Anglo-Saxan civilization and the English Church on Virginia shores. It is to be made particularly to Bruton Church because of the fact that Bruton is the official successor of the church at Jamestown.

Corb Costello, another mountaineer, is under arrest, charged with the shooting. The men, it is alleged, quarreled while gambling, and Hummer slashed Costello across the back with a big knife, inflicting a gash eight inches long. Covered with blood, Costello fired his revolver at Hummer, two shots taking effect. Several months ago, with other men, Costello and Hummer were in a shooting affray, in which both were wounded. Costello is in jail awaiting the outcome of Hummer's injuries.

Democratic Committee.

The city democratic committee held a meeting at the Hotel Fleischman at 4:15 o'clock yesterday evening for the purpose of fixing a date for a primary election to nominate a candidate for clerk of the courts in place of John S. Beach, deceased.

There were present: From the First ward, Messrs. O. F. Phillips and E. F. Thompson; Second, G. E. Price and R. T. Cook; Third, G. L. Simpson and S. G. Brent; Fourth, Chas. Bendheim and Oscar F. Carter.

Mr. Bendheim, the chairman, presided, and Mr. Cook was secretary.

This being the first meeting of the recently elected committee, Mr. S. G. Brent renominated Mr. Bendheim for chairman.

Mr. Bendheim accepted the position with the understanding that he would temporarily be relieved of the duties inasmuch as he is a candidate for the nomination for clerk.

Mr. Simpson saw no impropriety in Mr. Bendheim acting as chairman while being a candidate, but the latter preferred to be relieved, and Mr. Simpson was elected chairman ad interim.

Mr. R. T. Cook was re-elected secretary.

Mr. Bendheim then asked that the date of the primary be fixed at the latest possible day, as he is engaged in his duties at the clerk's office, and would need time after office hours to make a canvass.

Mr. Greenaway said that he would like to have the matter settled as soon as possible. He asked that the election take place during the first week in October.

Mr. Brent moved that October 12 be fixed upon, and his motion prevailed, Mr. Carter voting in the negative.

Mr. Price then moved that all candidates for the office of clerk and for other vacancies on the ticket be required to file notice of their candidacy on or before September 30, and the motion carried.

Mr. Greenaway said that it had been reported that he was a republican, and asked the members of the committee to disabuse the minds of the public on this point. He said he never voted a republican ticket in a national, State or municipal election.

Mr. Simpson called his attention to the fact that his recognition as a candidate by the city democratic committee was sufficient refutation of such a charge.

Mr. Bendheim stated that he had never heard of Mr. Greenaway being charged with being a republican.

Attempted Murder and Suicide.

The Hampton Stock Farm, in Alexandria and Fairfax counties, about four miles from this city, was the scene of an attempted murder and suicide about five o'clock yesterday evening. Edward Butler, employed by Mr. C. H. Smith, proprietor of the farm, in a fit of jealousy shot a young colored woman named Harriet McKnight, and when another man employed on the farm attempted to interfere Butler turned the pistol on him and attempted to kill him also. Butler then went to his room at the servants' quarters and shot himself in the right temple. It is believed he stood in front of a mirror in order to make sure of his aim. His death must have been almost instantaneous. Dr. Slaughter, whose home is a short distance from the stock farm, attended the McKnight woman. Her injuries are not serious. Two shots were fired at her. One took effect in the arm and the other in the back. It is said that Butler had recently given evidences of insanity and had displayed signs of jealousy, the McKnight woman having evidenced a preference for another colored man who is employed on the place. Butler was a native of this city and was about thirty-five years of age. He was formerly employed as a porter in several drug stores here, and was inclined to dress extravagantly. For the past several years he had been a familiar figure on the streets of this city in connection with the teams from the Hampton Stock Farm. His remains were brought to this city early last night and taken to Demaine & Son's undertaking rooms.

Mr. Julian Murray, of Purity Tent; Mr. Thomas Mills, of Golden Rule Tent, and Mr. Simon Tennyson, of Onward Tent, were present last night and spoke of the growth of Perseverance Tent, which was organized here on July 10, with twelve members, and which now has sixty-one with 18 applications pending. The funeral benefit of one hundred dollars, without any additional cost, is one of the benefits of membership.

Eligibility of Colonel Willard

The question of the eligibility of Colonel Joseph E. Willard, of Fairfax, for membership in the State Corporation Commission is being discussed by many people.

Colonel Willard possesses the qualifications for the position, and personally he is a gentleman of high ideals. He is a most companionable and agreeable person in every way, and his fitness for the position is conceded.

It is generally supposed and has been repeatedly published, that Colonel Willard is a large holder of stocks of the Richmond, Fredericksburg and Potomac and other railroads in the State. The constitution, which creates the corporation commission, has the following in connection with the composition of the State Corporation Commission:

Sec. 156. * * * "No person while employed by, or holding any office in relation to, any transportation or transmission company, or while in any way financially interested therein, or while engaged in practicing law, shall hold office as a member of said commission, or perform any of the duties thereof."

If Colonel Willard accepts the office he will be compelled—in case he does now own any of the stock of said railroad or railroads—to dispose of the same before he can accept the appointment. Possibly it is this phase of the question which is now being considered by him. Colonel Willard reached Richmond yesterday from New York, where he has been for some time.

Colonel Willard was seen yesterday and asked if he would accept the place of member of the State corporation commission, recently tendered him.

"I have absolutely nothing to say," replied the colonel, and for fifteen minutes he parried all efforts of the inquisitor to get any expression from him.

Colonel Willard has been in the Adirondacks for three weeks, and he is looking unusually well. He lived much in the open and is tanned considerably.—[Richmond News-Leader.

Lieutenant-Governor Willard late last night announced that he would accept the position on the Corporation Commission tendered him by Governor Montague. Captain Willard will probably assume the duties next week. Before taking charge he will dispose absolutely of all his railroad stocks and bonds.

Captain Willard was for eight years member of the House from Fairfax county, and for the past four years has been Lieutenant Governor of the State. As presiding officer of the Senate, during that time, his record has been most enviable. It will not be necessary for Captain Willard to at once send in his resignation as Lieutenant-Governor, and by this action Senator Wickham will at once become Acting Lieutenant-Governor of Virginia. There seems to be no doubt that Governor Montague will appoint Captain Willard as member of the Corporation Commission to succeed himself on February 1, 1906. The legislative act reads that the Governor shall send in his appointment to the legislature for congrmation at some time prior to January 15, 1906.

Major C. Gray Bossieux, adjutant of the 70th Regiment, has completed the pay rolls and accounts for the officers and men who were encamped at Basic City, and has forwarded them to Clinton L. Wright, of Norfolk, the disbursing officer, who has approved them and forwarded the pay to the officers. The amount to be disbursed by the State to the officers is about $600, and the checks for the enlisted men will be received during the coming week. There were about 600 men in the camp, and each will receive $3.01 for his services while in camp. The total for the regiment will reach about $2,500.

Another Woman Murdered.

In the discovery of the body of a woman huddled underneath the rear stoop of a big tenement at 240 west Thirty-second street, New York, yesterday, the police believe they had evidence of another murder. The victim, whose name was unknown, was about 30 years old and evidently in poor circumstances. The clothing was disarranged, her face bruised and there were marks of violence about the throat which aroused the suspicions of the police. When the body was lifted the head moved so easily as to indicate that the woman's neck had been broken. The front of her waist was stained with blood. That section of the city where the body was found is known as "Hell's Kitchen," and is the stamping ground of some tough characters. Its condition now is worse than usual. The Pennsylvania Railroad Company has a temporary trestle running through one side of the street, and in the darkness underneath rough gangs congregated.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.
